KENDO

Modern stylish

Make Office Life Innovated

The KENDO series features natural colors and rich textures that bring vitality to the product. The solid wood enhances its overall quality and positioning, while the sound-absorbing material creates a quiet and comfortable atmosphere. The minimalist design, paired with smart color choices, allows the product to seamlessly integrate into any office environment, elevating the office experience.

KENDO

Modern stylish
Make Office Life Innovated

The KENDO series combines wood and steel for enhanced stability and durability. The wooden legs, inspired by the design of a wooden sword, feature a unique bleeding groove and rounded corners for added detail and texture. This thoughtful design not only strengthens the product but also offers anti-scratch properties, making it more practical and user-friendly.
